## Getting to our place from SJU airport:

There are 3 options for arrival to Coqui del Mar Guest House: If you plan spend your time at the beach and Old San Juan, then you don't need a rental car. UBER, bicycle or the public bus (to get to Old San Juan) if you do not mind waiting (this can be from 5 minutes to 50 as there is not fixed schedule).

(if you are arriving via cruise ship or other direction please let us know and we can send you additional directions or look at

[www.CoquiDelMar.com/location](http://www.CoquiDelMar.com/location) and you will find a link)

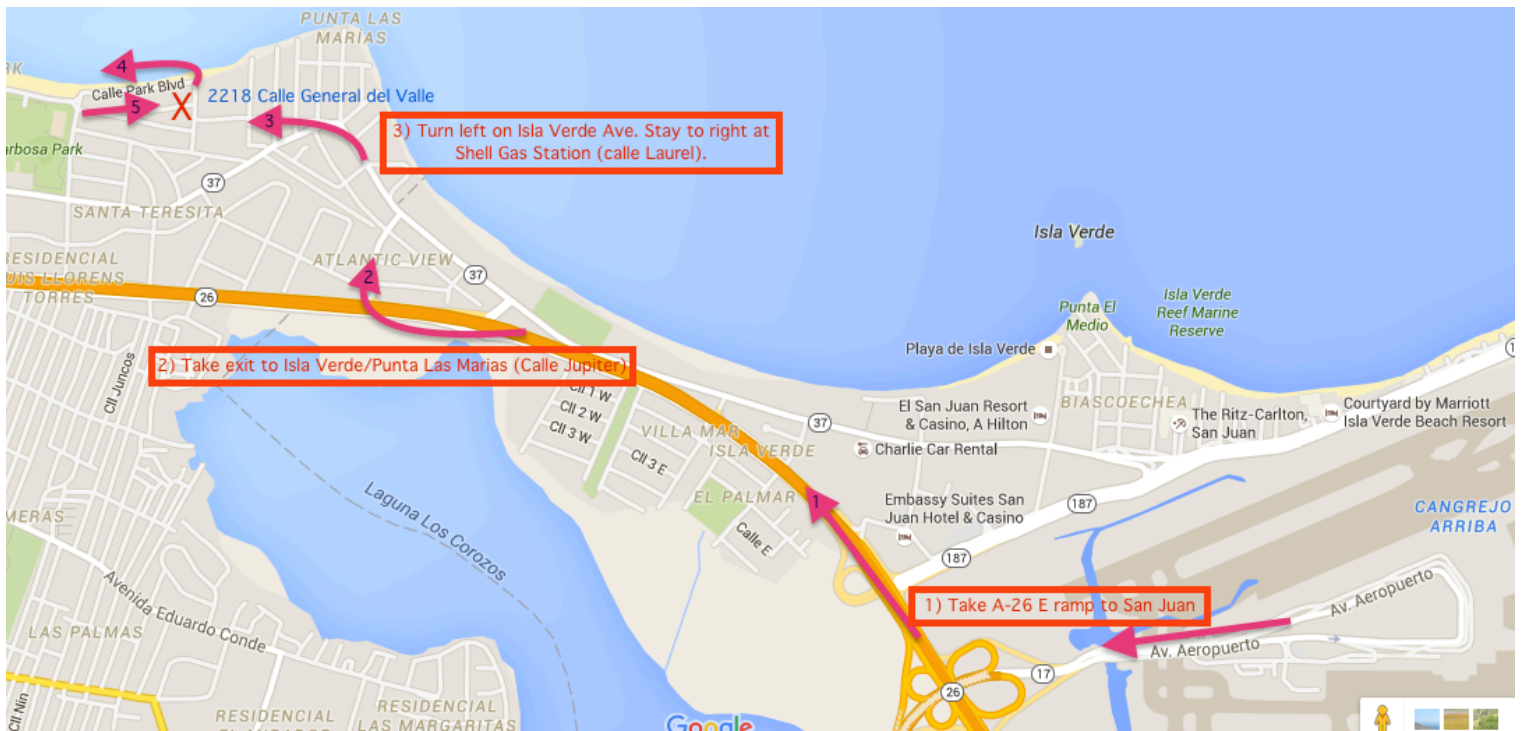

1) **TAXI:** Taxis are available outside the baggage area at the airport and cruise ship terminals. Taxis have fixed rates (download the price list at [www.Coquidelmarm.com/taxiprices](http://www.Coquidelmarm.com/taxiprices) - they will cost approximately \$20-25). IF YOU USE A TAXI, TELL THEM WE ARE DIRECTLY BEHIND

TRES PALMAS INN GUEST HOUSE in Punta Las Marias. WE ARE NOT THE COQUI INN. UBER drops off but does not pick up at the airport. UBER works great in San Juan. Use code trqjc for credit off first use.

2) RENTAL CAR: A rental car is good to visit areas outside of San Juan (rain forest, Fajardo). Rental cars can be found for as little as \$20 per day. We recommend Charlie's Car Rentals in Isla Verde, 787-728-2418 They may offer airport pickup/drop off, to/from Coqui del Mar and they price match. [www.hotwire.com](http://www.hotwire.com) is good to price compare.

3) PRIVATE DRIVER: You can easily arrange a private driver for airport pickups or other travels. We recommend two:

- 1) Regis Polanco - 787-473-7872 \$20 plus \$1 per luggage
- 2) Jaime Rosario - 787-692-8606 Prices vary but offers extra amenities, such as water, even wine/cheese and crackers

**DRIVING DIRECTIONS (and to assist taxi drivers):**

From SJU – Luis Munoz Marin Intl Airport: (5.9 km – about 9 minutes):  
 Follow signs to Airport Exit. Take the A-26 E ramp to San Juan ( 0.9 km)  
 Merge onto A-26 O/Expresso Roman Baldorioty de Castro ( 2.5 km) Take  
 exit toward Ave. Isla Verde / Punta Las Marías (Calle Jupiter) Follow  
 road to the stop sign and make a left onto Isla Verde Ave. Once passed  
 Pollo Tropical and Levi's Bar & Grill stay slightly to your right at Shell  
 Gas Station. Stay on Calle Laurel to next stop sign at Calle Guerrero  
 Noble. Make right and drive parallel to the beach on Calle Park Blvd.  
 Make a left then an immediate left onto Calle General Patton. Stay to  
 the left to merge to Calle General del Valle. 2218 is on the right hand  
 side near the second house to the end. Parking is limited. Please do not  
 block driveways. The community is gated for security purposes, so the  
 only way to drive in and out is the directions above. There are  
 other exits/entrances for pedestrians.
